

ALPHABET COLOURING BOOK

Colouring sheets with handwriting for every letter of the alphabet.

ABOUT BEGIN BRIGHT

Begin Bright provides educational programmes for children aged two to twelve years.

Through fun characters, stories and rhyme, letter sounds are easily remembered and activities are designed to reinforce number logic. Begin Bright helps children to be happy, smart and confident learners.

HOW TO USE THIS BOOK

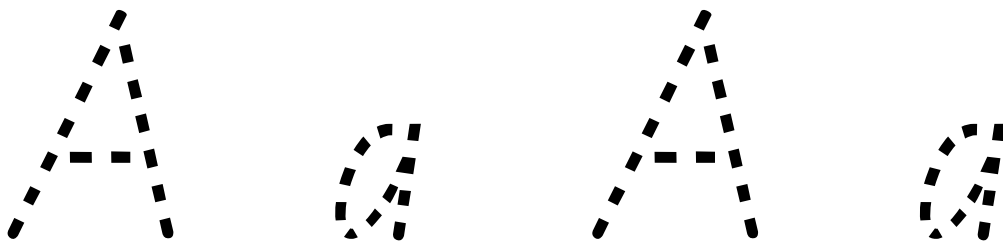

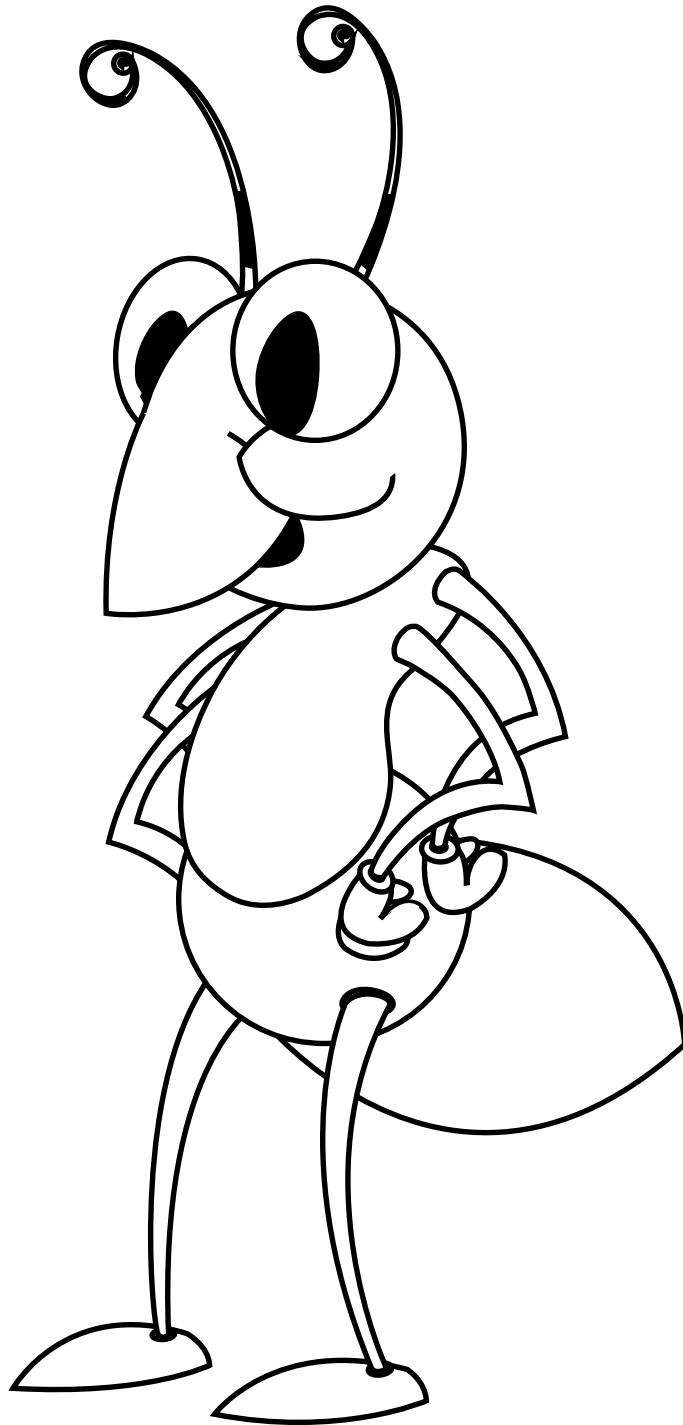

You can print this colouring in book from your computer. Each page has a fun Begin Bright character and letter. Talk with your child about the characters, the letter and the sound the letter makes. Doing this will help them once they start to learn to read.

Your child can use pencils, crayons or textas to colour in, and you can print them as often as you like. Encourage them to try to trace the letters; it doesn't matter if it's not perfect, as it will help to build their fine motor skills. You can read more about activities to help develop fine motor skills on our blog.
